14th April 2024

Dear Parent/ Carer

On Thursday, we are delighted to have arranged cycling training sessions for our Year 4 pupils to further develop their cycling and safety skills. The sessions, delivered by **Wolverhampton City Council's Road Safety Team** will involve the children completing a two-hour, off-road introduction to cycling session on the school playground.

Parental consent is required, in order for children to take part. Please complete the Parental Consent Form, via this [link](#) by 9am on Thursday morning.

By signing the consent form, you acknowledge that the Bikeability programme will be delivered in line with the Bikeability delivery guide and any relevant guidance in relation to Covid-19. You also accept responsibility for completing a thorough bike check and notifying the school via the form of any sanitiser allergies your child may have.

Sessions will run on Thursday 18th April 2024.

Please ensure that your child brings a roadworthy bike (with both brakes fully functioning) on the above date. Unfortunately, if your child's bike is not roadworthy, they will not be able to participate. Your child must be able to ride a bike without stabilizers. Children should also wear a cycle helmet for safety. Please ensure your child has a suitable waterproof coat on the day and apply sunscreen if the forecast is sunny. If your child cannot ride without stabilisers or does not have a roadworthy bike or helmet, please indicate this via the consent form.

Please contact Ms Clarke via the office should you have any enquiries relating to this course. For more information on Bikeability Cycle Training please visit www.bikeability.org.uk

Yours sincerely

Mrs J. Ferretti
Headteacher
